COMMENCEMENT AND HOMECOMING COMBINE FOR SPECTACULAR WEEKEND

- Jan Andrews and Sheila Kendrick lead the Senior processional down the hill for Commencement exercises on Page Terrace.
- 2. SALLY DORSEY Danner '64, LAURIE HOLBROOK Hardwick '64, and SUE EVE Fowlkes '64 signed in anc cbecked to see who had already arrived for Homecoming Weckend. A record attendance of more than 325 alumnae and their guests participated in the weckend activities.
- 3. Alumnae formed a "bridge" for the Class of '84 during the Alumnae Parade
- to welcome them into the alumnae ranks. The parade preceded the National Alumnae Association meeting.
- 4. Jerry Coleman, KIT KIVLIGHAN Carter '44, and JO BARKMAN Coleman '24-eujo President Lester's reception for alumnae after a full afternoon of tennis, golf, campus tours, and visting.
 5. Over 1,000 people covered the hill for the College's 142And Commencement ceremonies where 192 degrees were conferred to regular and Adult Degree Program students.
- 6. Members of the Class of 1974
- NANCY ROBERTSON McAteer, MIMI SMITH Burke, LYNN Mc-WHORTER Speno, husband David, BETH ZIEBE, ANN AREY Mason, TOMMY TILLEY Hill, BRIDGETTE RYAN enjoyed the alumnae dinner on Saturday evening.
- 7. Dr. Jane Freeman Crosthwaite, assistant professor of religion at Mt. Holyoke College, delivered the Commencement address entitled "On Facing the Future." She challenged the seniors to look beyond their outward appearances to their inner selves.

A WEEKEND OF ACTION

1. Dr. Robert Weiss, professor of mathematics, and other faculty members marched in the Commencement processional.

Good friends, good food, and a shady tree were all a part of a picnic lunch for alumnae, seniors, parents, and friends. President Lester's back yard provided the perfect setting.

3. For the Class of 1932 VIRGINIA MA-BEN Stokes "32 receives the Spencies Pitcher from SUSAN BAUGHMAN Homar "74, Alumnae Association President. The award, named for Dr. Samuel Spencer, 5th President of MBC, recognizes the class with the greatest increase in participation in the Annual Fund over the nervious year.

Other Annual fund awards that were presented included the Jarman Cup to the Class of 1930 for the highest percentage of participation in the 1982–83 Annual Fund; the Fraser Bowl to the Class of 1917 for the

largest total gift to the 1982-83 Annual Fund, and the Lewis Platter to the Class of 1924 for the greatest increase in dollars over the previous year.

4. Members of the Class of 1934 celbrated their 50th reunion. The class was recognized for having the highest percentage of members at their reunion. Attending were (left to right, front row) VIR-GINIA WRIGHT Lamb, JULIA GOOCH Richmond, MILDRED MAWHINNEY Clements, CHRISTINE COTTRELL Johnson, JACQUELINE CRINKLEY Maddex, (back row) VIRGINIA LYON Johnson, GRACE CROWE Bobo, ANNE HOLMAN Hinckley, KITTY ZIMMER-MANN Kriete, and CHAMPE PARRISH Hall

5. BETTY BOYD Caskey '39 and JILL MORTON Toyofuku '64, both of Honolulu, Hawaii, received the Roadrunner Award for traveling the farthest distance for their class reunions. MEREDITH DUNBAR Carlson '60, Homecoming Chairman, looks on. Bruce Faulkner, husband of MARY LAUREN LEHNERTZ Faulkner '79 of Denver, Colo., also received a Roadrunner Award for the husband coming the farthest distance.

 Martha S. Grafton, Dean Emeritus, presents the Grafton Faculty Academic Award to Sheila Kendrick for her outstanding record. Sheila is a member of Phi Beta Kappa and was the 1983–84 Russell Scholar.

7. Cheryl Garrett, President of the Senior Class, presents the Class of 1984 gift to President Lester. The class raised \$1,000 for the refurbishing of Spencer Lounge.
8. Children of alumnate took a break from a busy schedule before viewing their mons in the Alumnae Parade. Seventeen mons an children took part in the various activities in the first college sponsored Children's Program.

9. Betty Kegley (far right) gives last

minute instructions to alumnae before they begin the 2nd annual Alumnae E un Run on the College's new Wells Fargo Jogging Trail. The Fun Run was won by MARSHA NYE Wice '65. Alumnae and quests also participated in a Round Robin Tennis Tournament which was won by MARIE DIENST Perry '74 of Augusta, Ga., and David Speno, husband of LYNN Me-WHORTER Speno '74 of Key Biscayne, Fla

CAMPUS NEWS

President's Corner Dr. Virginia Lester

Colleges can no longer afford to allow valuable investments in physical plants to lay idle over long summer months. Our ideal location and beautiful campus make our facilities desirable both summer and winter. Here is a look at the Mary Baldwin campus in summer

No sooner did the 192 graduating seniors, their 450 visiting families ar friends, and the 327 alumnae depart campus than the physical plant staff, under Dick Barron's leadership, swung into action. Excavation underway for replacement of old steam lines; new black paint being applied to lampposts and railings; residence hall rooms cleaned and painted; alumnae offices re-locating to our beautiful new Alumnae House; our newest computer lab being set up; boilers repaired; Hunt and Spen-cer lounges refurbished; \$25,000 of new mattresses; and much more.

The pace quickens in many ways dur-In pace quickens in many ways dur-ing June. July and August, as the pro-grams coordinated by our own Don Wells will bring over 1.700 people from ages 9 to 87 to campus this summer. Computer camps. Governor's School In-terest Center for the Arts, Elderhostel, 6 workshops for teachers with over 850 enrolled, a church youth conference, to name just a sampling.

As many as 500 people at one time will be living in the residence halls and eating in Hunt Hall this summer. MBC faculty teach many of the courses; MBC students act as counselors, coordinators, and teaching assistants.

What's more, summertime program traditions are building: this is the fifth consecutive year for Elderhostel, the third for computer camps, the third time for Intensive Journal Retreat, and the fifth for Doshisha Women's College Exchange Program with our sister school in Kyoto, Japan.

Everyone is busy. New faculty and staff are being hired and trained. Campus and Trustee Long-range Planning Committees met four times in June alone. The admissions office never stops their recruitment efforts. The class of 1988 appears to be even bigger and better than last year's.

The Development Office is completing their efforts to meet our \$500,000 Annual Fund goal, the largest in the College's history: they are also planning an immediate kick-off of next year's campaign.

Faculty are attending the Mellon workshop in Richmond. The catalog is being written and printed, as are the student handbook, 1984-85 orientation brochures, and 1985-86 admissions publications. The Dean of Students Of-fice is already making room and room-mate assignments for incoming freshmen.

If you get the impression that our summertime schedule is all work and no play let me assure you we will find time to get away and renew. Fall is always seen as new beginnings on a college campus, and we anticipate yet another year of progress at MBC. Hope you're having a great summer too!

CAMPUS SPOTLIGHTS

(Editor's Nate: Information for this arti-cle was compiled by Marsha Smith '86, Susan Betts '85, and Dawn Tusing '85.)

Anne Cooper, assistant professor of Anne Cooper, assistant professor of communications, passed her final oral dissertation defense recently at the University of North Carolina/Capel Hill.

Ms. Cooper will receive her Ph.D. in August. Also, she recently presented at the University of Maryland a paper endted, "The Suffrage Movement." In August, Ms. Cooper will present another paper on "Network Television Coverage of News." at the University of Coverage of News" at the University of Florida.

Ms. Cooper has had two chapters Ms. Soper has had two chapters published in Foreign News and the New World Information Order, published by the lowa State University Press. Ms. Coopers' work deals with the Arab countries and how they covered the EgyptVsrael peace treaty and the language.

Dr. Diane Ganiere, assistant pro-Dr. Diane Ganiere, assistant pro-fessor of psychology, presented a paper in April on "Female Adolescent, Self-Perceptions of Similarities With Others, and Personal Values." The paper, pre-sented at Roanoke College, is based on Nancy Chodorow's theory that the fe-maintaining, attachments. The male maintaining, attachments. The male maintaining, attachments. The male auteness in his relationships as a secult of his need to separate himself from his mother, a feat not demanded of females mother, a feat not demanded of females Dr. Ganiere studied the male and female

Dr. Ganiere studied the male and femali-relationships to mother, father, sibling, friend, and 10 other roles. Roderic Owen, faculty member and philosophy instructor in the Adult De-gree Program, presented a paper on George Orwell and the novel 1984 at a conference held at the University of Ak-ron last winter.

In his presentation, Owen said that those who live in 1984 "are united in

those who live in 1984 "are united in their tribute to this man and his vision, as we strive for a word taken from Orwell's own text—"decency."

Dr. John Kibler, assistant professor of psychology, presented a paper on "Phenylpropanolamine: A Possible Behavior Tentogon" on April 19 to the Southern Society for Philosophy and Psychologon was 19 professor of the Psychologon on the Psychologon of the Psychologon on the Psychologon on the Psychologon of the Psychologon on the Psychologon on the Psychologon of the Psychologon on the Psychologon on the Psychologon of the Psychologon o Psychology annual meeting held in Columbia, South Carolina.

Dr. Kibler's paper, investigated the possibility that a widely used substance phenylpropanolamine (PPA), when administered to rats, may produce be-havior alterations in their offspring. Dr Kibler also was awarded a grant by the Mednick Memorial Fund to continue the

research throughout the summer.

Dr. Gordon Bowen, assistant professor of political science, has had sev-eral articles printed in recent magazines

Commonwealth magazine featured an article in June, Armed Forces In Society will run a article in late 1984, and Academe will run an article in the August/ Sentember issue.

Dr. Bowen also has a chapter in a book by Don Shultz, Revolution and Counter Revolution In Central America, published by West View Press in May.

Dr. David Molnar, assistant professor of economics, presented a paper entitled "Death and the Business Cycle." The paper examined the peculiar relationship between the business cycle and the death rate in this country. Dr. Molnar found that as the business climate improved, the death

rate grew.

Dr. John Wells, assistant professor of sociology, and Dr. David Cary, associate professor of sociology, co-presented a paper entitled "Undergraduates and Professionalism." The paper studied the nature of pro-

paper studied the nature of pro-fessionalism and the pursuit of pro-fessional status by MBC students. The papers by Molnar, Wells, and Cary were presented to the Humanities Conference held in April at Randolph-Macon Women's College.

Dr. Margaret Pinkston, Associate Professor of Biochemistry, has received a \$1500 grant from Research Corporation to study the biochemical mechan-ism of a certain hypersensitivity to food. The award will support a student assistant's training in this research area as she works with Dr. Pinkston on the project over the summer

Rebecca Gunn Ward '85 was presented the first Outstanding Chemistry Student scholarship by the Mary Bald-win Chapter of the American Chemical Society Student Affiliates. The recipient is selected by the members of the chap-ter on the basis of excellent academic performance, high character, and helpful

Rebecca, an Adult Degree Program senior, is majoring in chemistry. After completing her undergraduate studies, she plans to attend the University of Virginia's graduate program in chemical engincering

Laurel Elizabeth Gilbert '86 has been selected to attend the London School of Economics at the University of London for her junior year. An economics major, Laurel will be taking numerous indepth economics courses focusing primarily on the microeconomics level of economic study and those involving the exploration of the

central British economic thought.

The daughter of Mr. and Mrs. George
A. Gilbert of Orange, Va., Laurel is an
honors student and active in campus ac-

Retirements

Dr. Marjorie Chambers, professor of religion and philosophy at MBC for 22 years, will retire at the end of this year. Dr. Chambers joined the MBC faculty in 1962. In 1972, Dr. Chambers was chosen as Academic Dean and re-mained in that position until 1975. Dr Chambers plans to remain in Staunton and wants to work on her painting and to simply "enjoy life

Also retiring is Alfred Booth who has been at MBC for 24 years. In 1965, Mr. Booth started his career at MBC as professor of mathematics after 26 years in the Marines. In 1970, he became the director of institutional research and College registrar. Mr. Booth also plans to remain in Staunton and wants to de-vote more time to his favorite activities—golf and traveling.

Dr. McKelden Smith, the college phy-Dr. McKettler Smith. the college physician for 28 years, retired this spring. Dr. Smith served the College while he maintained his private practice in internal medicine in Staunton from 1948 to this year. His relationship with Mary Baldwin also has been a family one with his mother, Emily Pancake Smith '06, and wife, Anne Sims Smith '45, both being alumnae of the College.

In Memoriam

Dr. Charles J. Stanley, Professor of International Studies at Mary Baldwin from 1965 to 1979 and Professor Em-eritus of History, died in Staunton on April 28. Dr. Stanley taught religion, political science. Chinese, literature. political science, Unincse, interature, and anthropology. He was also instrumental in establishing the Phi Beta Kappa chapter at Mary Baldwin during his years here. In honor of Dr. Stanley his colleagues at Mary Baldwin have estab-lished a memorial book collection in his name at the Grafton Library.

Born the son of a missionary in Per-taho, China, Stanley's adulthood was truly international in experience: he at-tended college in Ohio and Yenching University of Peking, taught at the Col-lege of Chinese Studies in Peking before World War II, and was a forcign service

Mary E. Latimer Scholarship Honors Former Professor

An enthusiastic group of alumnae who are former students of "Miss" Latimer have created a scholarship in her honor.

her honor.

MARINE SCIENTIST BARBARA SHULER MAYO HOSTS MBC STUDENTS

Dr. Barbara Shuler Mayo '67 hosted Dr. Barbara Shuler Mayo 'b' hosted five Mary Baldwin students in May at the Center for Coastal Studies in Provincetown, Massachusetts, an institution which she and her husband Dr. Charles A, "Stormy" Mayo, along with colleague Dr. Graham Giese, a coastal oceanographer, founded. The one-week Center was the last enisofice. oceanographer, founded. The one-week stay at the Center was the last episode in a course of study it marine biology taught at Mary Baldwin. This year was the fourth time that MBC students have had the opportunity to receive "handson" experience at the Center. The Center for Coastal Studies is a nonprofit organization for research and education in the coastal marine envi-

nonprose organization for research and education in the coastal marine envi-tonment. Some of the country's most important whale research goes on there, specifically the study of the humpback whale. An interesting symbiotic respecifically the study of the numposes whale. An interesting symbiotic relationship exists between a commercial whale watching fleet and the scientists at the Center. The scientists act as naturalists guiding those on the whale-watching trips while conducting their own whale research for the Center.

When Barbara Shuler entered Mary halo was the desemble of the Center.

Baldwin, she didn't dream that Dr. John Mehner, a member of the science fac-ulty, would influence her to change her major from French to the sciences. Durmajor from French to the sciences. Dur-ing her junior year, MBC arranged for Barbara to participate in a summer course offered by Cornell University at Isle of Shoals Manne Laboratory, off the coast of Maine. This experience, along with her course work at the Mary Baldwin campus, clinched her decision to pursue marine biology as a career.

After graduating from Mary Baldwin,

Barbara entered the University of continued on p. 5

KAREN AUSTIN IS TV "CELEBRITY"

Editors Note: The following article first appeared in the Staunton News-Leader February 12, 1984 and is reprinted here with their permission. John Wells is a staff writer for the News-Leader. Karen Austin is the former Karen Brammer, '72 daughter of Gwen Austin Brammer '49.

Staff Writer LOS ANGELES—Actress Karen Austin, who landed one of the female leads in the miniseries "Celebrity" which begins tonight on NBC, looks back with fondness on her years at Mary Baldwin

In a telephone interview from Hollywood last week, the petite 5 foot 5 ac-tress said she "came into my own" during her tenure as a college student in Staunton.

"I hadn't realized before that I was intimidated by men," said Miss Austin. "I hadn't really thought about it, and all of a sudden I was taking charge. You

find out you can do it just like a man." The actress was raised in Largo, Fla., and attended MBC, her mother's alma mater, from 1968-1972. She says she doesn't readily admit those years to everyone, since it puts her age at about 32, and everyone knows movie stars lie

about their age.
It was at MBC that her interest in theater blossomed. She acted in and directed repertory theater and summer stock, participating in all aspects of production, building sets and designing costumes

She said she received valuable classi

She said she received valuable classical training in production at Washington and Lee University, where directors needed actresses, and she was glad to be able to work with actors.

"It was such a relief to act Shakespeare and Moliere," she said.
While in Staunton, she remembers assisting with theater productions at Virginia School for the Deaf and the Blind, and befriending adolescent boys from nearby Staunton Military Academy.

"The high school boys would try to get dates, and we'd tell flem to buzz

"The high school boys would try to get dates, and we'd tell them to buzz off," she recalled. "The baby soldiers—the 9-, 10- and 11-year olds—tended to miss having women around, so we would take them to Sunday Junch, sort of like their "Junior mommies"."

The late '60s and early "70s were times of turmoil on the nation's college.

campuses, and Miss Austin remembered with some hilarity MBC girls' stabs at being college radicals

The first act of protest was a march through Staunton to indicate the stu-dents' disapproval of the war in Viet-

"We told people we had a revolution going," she laughed, "and in the pro-test march we wore skirts so we'd look

"I have great affection for those years spent in Staunton," she said. There's something about a sunset with church spires in it that is very calm-

Miss Austin completed a year of study as an exchange student at Oxford University in England, continuing to perform in various stage productions, and was graduated from MBC with

She went on to attend Northwestern University, where she earned an M.A. in theater, and continued to appear in summer stock productions. She wanted to be a college professor, and supported herself in numerous acting jobs while finding out college positions were hard

Disenchanted with the Chicago cold, and not thrilled about moving to New York, she moved to Los Angeles "where the weather is warm and the fruit is cheap."

fruit is cheap."
Her first job on the West Coast was as a tour guide at Universal Studios, where Robert Wagner, on the set of his series "Switch," told her she should be

series "Switch, fold her since should be in front of the cameras.

During the next few years, she appeared in numerous commercials, and in guest shots of shows like "Rockford Files," "Three's Company," "Soap" and Wagner's latest series "Hart to

Hart."
Television in late 1970 was not a fer-tie field for serious actresses, and Miss Austin said she found herself playing either bimbos or psychotic killers. "That was all they wrote for women," she said. "Victims or vil-lains."

Her biggest break came in 1981 when she won the Los Angeles Critics Award for best actress in "Nuts," and

BYRD WILLIAMS ABBOTT JOINS MILLION DOLLAR SALES CLUB

Byrd Williams Abbott '64 qualified for New Jersey's Million Dollar Sales Club as an associate with Burgdorff Realtors in Basking Ridge. A criterion for this distinction is posting over \$2 million of transactions annually. Byrd easily surpassed this requirement. Early this summer Byrd received her Graduate Realtor Institute designation. Less than 5% of the nation's realtors have earned the GRI designation.

Byrd's sales, which are both resi-dential and commercial, come from lot of long hours and hard work." Her clients are largely executive-type people moving into or within the northcentral New Jersey area. Proximity to New New Jersey area. Proximity to New York City, an increasing number of corporate headquarters, and an excellent school system are among the selling points of Byrd's region. Her philosophy that "They're all important" has resulted in \$5 million in sales in the last 8

One of the clients she remembers best is the senior executive vice-president of a Fortune 500 company who bought a \$500,000 residence through Byrd. Another is the local family who needed to make a move and then trusted Byrd's make a move and then trusted Byrd's recommendation that a particular house was a special bargain and would be immediately "snapped up." They made a quick bid and bought it at a terrific price. When they asked Byrd to list their previous home, she sold it in 3 days. Needless to say, "they're thilled."

It was only after the Abbotts moved from the state of Washington to New Jersey five years ago that Byrd seriously considered pursuing a career in real es-tate, an idea that had been with her for about ten years. Byrd credits her supportive family with encouraging her to take the necessary steps to begin her ca-reer. In the last two and a half years since undertaking this endeavor, she has been gratified to find that it is possible for women to successfully combine a career and a family.

An honor student at Mary Baldwin,

An honor student at what bladwin, Byrd was greatly influenced by pro-fessors Andrew J. Mahler and James B. McAllister. She is convinced that the cohesiveness of the College and the emphasis on leadership skills, contributed to her achievements in career and volunteer activities. Byrd currently teaches a women's Bible study group which has grown from five members to over one hundred in the last year. Byrd is also sustaining member of the Junior

League. League.
Byrd still finds time to play tennis
and ski, interests she shares with her
husband Cort, and two sons, Tez, a college freshman, and Jay, a high school
sophomore. Byrd and her family reside in Basking Ridge, New Jersey.

ANNE GRAVES FOSTER 4-H AWARD WINNER

"She is a professional volunteer," says her husband Joe, "and if you don't believe it, look at her calendar."
"She" is Anne Foster '76 of Dan-

ville, Virginia. Anne recently was honored with the Bradshaw Service Award for 1984. The award is presented each year to a member of the Virginia 4-H All-Stars, an honorary service or ganization within the 4-H club. The gamization with the 44-7 club. The award is given on the basis of out-standing service to the organization, its parent 4-H club, and to the community at large. Becoming an All-Star required Anne to excel competitively in her i area of interest, citizenship. As an All-Star, she joined the top 2% of the 4-H

club members who are so honored. Within the All-Stars Anne serves scribe or secretary, and she chaired the multi-state All-Star convention when it was held in Virginia. Anne's other vol-unteer activities include initiating a positive parenting program at Memorial

Anne Graves Foster '76 (right) with her husband Joe and daughters Saroh and Ellen. Photo courtesy Lynn Hey. Danville Bee

Hospital, serving as Docent for the Danville Museum of Fine Arts and His-tory, acting as board member of the

YWCA, and being president of the Jun-ior Wednesday Club. She was listed in the 1981 edition of Outstanding Young Women of America.

women of America.

A psychology major at Mary Baldwin, Aune was an honor student and member of ODK. Anne has remained active with Mary Baldwin since graduation. She worked as an Admissions Area Coordinator for several years and is now servine as Vice President for its now servine as Vice President for is now serving as Vice President for Continuing Education of the Mary

Continuing Education of the Mary Baldwin Alumnae Association.

Anne's husband Joe is a professional volunteer, in his own right, having received the Bradshaw award in 1980 for his contributions to the All-Star organization. Joe, a certified public ac-countant, has served as chief, lesser chief, and medicine man (treasurer) for the state All-Star program.

Anne and Joe have two daughters, Sarah and Ellen. Both, we suspect, are future 4-H ers

Goldie Dodson Chosen For All-State Basketball Team

"In looking through the past records it has become obvious that Goldle stands far above other athletes and their achievements at Mary Baldwin," explained MBC Basketball Coach Mary Ann Kasselmann. Senior Gayla Dodson, betwelvel fixen has bure up her MBC. hand hasselmann Senti Gayla Doctoring basketball star, has hung up her MBC athletic shoes and graduated, becoming Gayla Dodson, B.A., alumna.

Gayla Dodson, B.A., alumna.
Gayla, better known at Mary Baldwin
as "Goldie", is one of the most outstanding athletes to ever play for Mary
Baldwin and played basketball for four
years at MBC.
"By my sophomore year I was used
to playing college ball," she says.
Goldie, who played center and forward,
was the leading scorer and rebounder
for Mary Baldwin for three of her four
playing years. She is now the career playing years. She is now the career leader of the College for scoring and re-bounding. Goldie was selected all-conference in Division III of the Old Conference in Division in of the Objective Dominion Athletic Conference of Virginia. This honor was topped when she was named to the all-state team (College Divisions—II & III).

Divisions—II & III).
Goldie's teammates elected her most valuable player after their 1983–84 season concluded. Her final season was the highlight of her career. Aside from the mentioned honors and achievements Dodson set an all-time record for the College scoring over 1,000 career

points.
"Scoring 1,000 points wasn't part of
my personal goals, but I knew I could
break it," she said. Dodson scored her
1,000th point during a home game midseason against Bluefield College. "I
was glad it happened on my home
coun; my coach and teammates were

happy—that made me happy," she add-ed. Before Goldie was finished she racked up a record 1,331 points. Another highlight of Goldie's bas-

ketball career was being chosen "Athlete of the Year" at the 1983-84 MBC awards banquet last spring. This honor came as quite a "shocker," she said.

"Having worked with Goldie for two seasons I have seen her develop into a disciplined team player which comple-ments her overall athletic abilities," said Coach Kasselmann.

However, Goldie attributes a lot of her successes to the inspiration of the basketball team. "As a team we were

all inspired. We were a team together and that was especially important be-cause you just don't make it yourself," cause you just don't make it yourself," Dodson commented Goldie also mentioned how important her coach, Mary Ann Kasselmann, has been to her, "She is a special person with a good heart. I don't really hink of her as a coach, but she was great at that, too!"

Before coming to Mary Baldwin College, Goldie played recreational and high school basketball. She received special trophies and awards citting her achievements and was named "Most"

achievements and was named "Most Athletic" at Luther Judson Price High

Atthetic at John States of the Inguistration of School in Atlanta her senior year. Dod-son also enjoys playing softball.

Goldie was a well-rounded student at MBC. She majored in math and is considering graduate school. A four year member in the college "Women of Eb-ony" club, she served as treasurer of billy size served as treasurer of the organization for two years. She worked in the College admissions office for two years, contacting prospective students. Goldie served as treasurer of the Student Government Association and was the first black woman on the College executive council this year. She also served on the Board of Trustee's

development committee.

Miss Dodson is going to ''take a short breather'' after graduation. She may enroll in graduate school next January; however, her main future con-cern is her career. "I'm taking a break to insure a right career decision," she

explained.
Goldie's college career overall is a
collective spectrum of achievements and
successes. She feels her team, friends,
and home were special inspirations for
her. "Here at MBC I've really grown. I
can't imagine what I'd have been doing
for the lest furn years if I wan't here." for the last four years if I wasn't here, Goldie commented.

Her personal philosophies relate spe-cial feelings that Goldie has. "God and

SQUIRRELS' FUTURE BRIGHT WITH PERKINS

back on the boards, became the toast of the L.A. stage.

Following this came memorable roles on "Hill Street Blues," and on
"Quincy," in which she played a Victnam veteran and gave the problems of female veterans prominent national ex-

Miss Austin may now be seen weekly in a new NBC series, "Night Court," a sit-com in which she plays a clerk in a sometimes bizarre Manhattan court-

She gets second billing in her role as Lana, and her long, sandy hair and in-tense blue eyes do not distract from her capable comic timing and range of ex-

The program has gotten good notices but is up against another night-time soap opera, "Dynasty," to the actress' disgust.

She has become used to fame, she

says, to the point where she isn't knocked off her feet when working with other professionals, be they James Gar-per or Tom Selleck.

other professionals, see they James Garber or Tom Selleck.

There are exceptions, however.

"Oh, Katharine Hepburn, Bette Davis ..." she says. "I wouldn't know what to say to Cary Grant."

She was also pretty awestruck to lanch with venerable Broadway actress Jessica Tandy, who is starring with Miss Austin's fiance, Bruee Davidson, in a revival of Tennessee Williams'

"The Glass Menagere."

She said she and Davidson will marry someday, but she will remain "bicoastal," as long as she works in Hollywood and he ou the Great White Way, jet-lag or not.

The actress is quite proud of her work

The actress is quite proud of her work in "Celebrity," the NBC miniseries. She plays a Pulitzer Prize-winning playwright who falls in love with and marries one of the three central figures in the play, a journalist.
It is a demanding role, she said, re-

quiring her, among other things, to age from 26 to 49 in the course of the story Miss Austin is quite comfortable with her character.

"She's a strong, independent creature," she comments. "Everything a Mary Baldwin girl sbould be."

Mayo cont.

Miami's School of Marine and Atmos-pheric Science and completed a Ph.D. in Marine Science and completed a Ph.D. in Marine Science specializing in crustacean systematics. It was there that Barbara met her husband Stormy who earned a Ph.D. in Marine Biology.

After completing their education, the pair returned to Stormy's home on Cape Cod and began the Center for Coastal

Studies in Provincetown.

Barbara is working about half-time now on her research at the Center. She and her family including husband, Stormy, and sons Josiah 6½, and Na-thaniel 2½ have moved into The Cape Codder, a guest house that has been in Stormy's family for several generations. Barbara manages this business from April through October.

April through October.

Besides the responsibilities already described, Barbara also enjoys serving as a member of the Cape Cod National Seashors Advisory Commission and singing in the choir at her church. Needless to say, we hope that Mary Baldwin students will fit into Barbara's activities for many versi to come

activities for many years to come.

According to Mary Baldwin College professor Bonnie Hohn, who teaches the marine biology course, the Center provides our students an opportunity to see some of the most exciting marine re-search on the east coast. The research at the Center extends beyond the work with whales to include studies of coastal marine habitats such as sand dunes, inter tidal flats, and salt marshes. MBC students took two whale-

watching trips into Cape Cod Bay. One trip resulted in the students observing an

ADP Grad Makes Father's **Dream Come True**

By Gail Nardi imes-Dispatch state staff Reprinted from Times-Dispatch

Gordoosville-It was a small thing, as the world turns, a private drama played before a tiny audience in a lake-side house in Louisa County. To Martha Draper Holloway and her dying father, it mattered a great deal.

Mrs. Holloway was supposed to re

Mrs. Holloway was supposed to re-ceive a bachelor of arts degree in math-ematics from Mary Baldwin College in Stannton last Sunday, (June 3) nearly 21 years after she went there as a fresh-man. But on the morning of May 29, it became clear that her 82-year-old father, Godwin Worth Draper, was dying of

Draper, a retired architect and former member of the Richmond firm of Carneal and Johnston, had been a member of the first class to matriculate at the University of Virginia's architecture school in the 1920s. It was his dream that his daughter would finish her col-

lege education.

Mrs. Holloway, 39, had left college to get married and later worked as a refractionist at the Davis Eye Center in Richmond. She and her husband, Bob, moved to Gordonsville several years ago when he became chief of police there. Her parents moved to Lake Louisa four

when Mrs. Holloway called Mary
Baldwin last week to ask if she could
have her diploma a few days early, she did not realize that she had created an academic dilemma.

"A diploma isn't a diploma until the

"A diploma isn't a diploma until me faculty votes on it, and it wasn't going to do that until Friday," Dr. James Harrington, director of Mary Baldwin's Adult Degree Center, said yesterday. Mrs. Holloway earned her degree through the center, which was created in 1977 and provides flexible courses of study tailored to meet each student's

Mrs. Holloway's request was referred to Irene Hecht, the college's academic dean, who ruled that the diploma could be taken to Louisa and returned to
Staunton, but only by a college official.
Dudley Luck, an assistant professor

in the adult degree program and coordi-nator of the program's Richmond center, was on campus that day for a

"The dean was very thoughtful and very creative in realizing there was a need here that we ought to pay attention to," Ms. Luck said yesterday. "I sat there thinking, "Why don't we confer

"So I got my cap and gown, and I got a cap and gown for her, and I got the school colors and put the ribbon on the diploma, and I took the diploma to her parents' home in Louisa County."

At first, Mrs. Holloway was taken aback by the idea of a special ceremony. "When I suggested that this was so much to give that I felt awkward taking it, they suggested I take it for my father, and I couldn't say no for him."

father, and I couldn't say no for him."
Mrs. Holloway's mother, Lois
Draper, her 16-year-old daughter, Margaret, and her father's closest friend
were present for the ceremony.
"I received my diploma at Daddy's
bedside. He was slipping very quickly
that day, but ... he did acknowledge
the fact that he knew what was going on. And then at 1:30 in the morning, he
died," Mrs. Holloway said.
"It took a lot of very earing people to
do that," she said of her unique graduation exercises. "The idea that any sort
of an institution, with its rituals, proce-

of an institution, with its rituals, procedures and protocols would turn their entire machinery around, and for one indi-

tre machinery around, and for one individual to do something so personal, so compassionate . . it's very humbling. "Mary Baldwin has never let me down," she said. "They've been academically excellent, they've been innovative with their adult program, and now they've been so human — 1 just can't get aver, it'." can't get over it.

LUMNAE NEWS

Leigh Yates **Farmer New** President of Alumnae Association

Leigh Yates Farmer '74 is no new-comer to Mary Baldwin's Alumnae As-sociation. The newly elected President became involved in alumnae activities almost immediately upon her graduation from Mary Baldwin and has remained involved during the past ten years.

Leigh describes her work with the Alumnae Association as fun. She ex-plained, "I enjoy giving back to Mary Baldwin my time and efforts. I feel that I reap the benefits of Mary Baldwin every day of my life." As President of the National Alumnae Association. Leigh plans to strengthen the financial status of the Association through fundraising projects, to continue to place emphasis on involving alumnae in recruitment of students, to encourage the chapter network, and to strengthen alumnae support of the College's Anqual Fund.

Leigb is manager of business custengo is manager of bishiess cus-tomer billing for Central and Eastern Virginia with C&P Telephone. Her of-fice is responsible for the monthly col-lection of all commercial accounts which average \$46 million a month. In addition to these responsibilities, she also handles calling card fraud and yelalso handles cauming card traud and yellow pages advertising. She says her favorite part of the job is calming irritated customers and working with the legal entanglements of billing problems. Leigh bas worked with C&P since ber graduation from Mary Baldwin in 1974. She has beld a variety of positions in the Norfolk, Newport News, and Rich-mond offices. During the 1983 strike, she even worked as a telephone

A biology major, Leigh has continued her interest in science through volunteer work with the Science Museum of Virginia. She is also involved in volunteer work with Planned Parenthood and the Richmond Marathon. Last year she was chairman of the water stations committee and organized volunteers to man all stations along the marathon route.

Her work with Mary Baldwin has included serving on the Board of the Richmond Alumnae Chapter and chair-Richmond Alumnae Chapter and chair-ing the first annual fund phonathoo. Since her election to the Alumnae As-sociation Board of Directors in 1979, she has served as Vice-President for Annual Giving, chairman of the Nominating Committee, and First Vice-President. Leigh also chaired the Class of 1974's tenth reunion this past June.

Besides her demanding career and volunteer activities, Leigh enjoys aero-bics, gardening, bridge, and traveling. Leigh recently married Stuart Farmer, a 1974 graduate of Hampden-Sydney Col-lege. Squart is an investment broker with Wheat First Securities in Richmond.

In summing up her personal goals, Leigh named as the number one pri-ority, "To maintain a comfortable re-lationship between career and family. I see my work with Mary Baldwin as a happy combination of the two."

Chapters In Action

Ten alumnae chapters joined forces in April to provide an Easter treat for the current student body. Easter candy was delivered to all residence halls the Wedoseday before Easter. This project was sponsored by the Chapter Development Committee of the Alumnae Association Board of the Alumnae Association Board of the Alumnae Association Store Dallas Decayer. Columbia Road Store Dallas Dallas Decayer. Columbia Road Store Dallas Dallas Decayer. Columbia Road Store Dallas Da Shore, Dallas, Denver, Columbia, Roa-noke, and Richmond chapters.

ATLANTA

Jane Frances Smith Awarded **Emily Smith Medallion**

Editors Note: Each year an alumna of Mary Baldwin is recognized for her outstanding contributions to the College, her community, church, and Commonwealth. This award named for Emily Paneake Smith '06 was first awarded in 1965. This year's recipient is Jane Frances Smith '37 of Alexandria, Va. Reprinted below is the citation presented to her at the National Alumnae Association meeting June 2. nae Association meeting June 2

Susan Baughman Homar '74, Alumnae Association President, presents me dallion to Jane Smith

It is with great admiration and respect that we honor today one of Mary Bald-win's most devoted and distinguished

Jane Smith, a native of Staunton, graduated io 1937 with the highest academic average in her class at Mary uenuc average in the class at Mary Baldwin. Having studied history and French, she pursued her interest in his-tory and earned a master's degree in American history from Wisconsin Uni-versity. She then joined the staff of the National Archives and Records Service

in Washington, D.C., and began a full and notable career there which spanned 37 years. Among her career accomplishments have been her authorship of numerous articles on American frontier and settlement history and archival sci-ence, her formative role in directing an Archive's conference on Indian-white relations, and her election as a Fellow of the Society of American Archivists.
She hecame Director of the Civil Archives Division in 1971 and continued her service until her retirement in 1979.

Jane's devotion to her college has been exemplary. Possessing a keen in-tellect and thriving on accomplishment, she has sought to enlighten and enable others. In 1974, she established and continues to support the Carroll Lecture Series in honor of the late Dr. Mary Swan Carroll, professor emeritus in his-tory at Mary Baldwin. This annual protory at Mary Baldwin. This annual program brings eminent scholars in history to lecture at the College. She has also established and endowed a College scholarship in the name of her parents, Emma O'Mara and Starke Bakern Smith. This scholarship, which will be awarded for the first time this eachemic year, will assist primarily local day students. who have demonstrated academic merit and financial need.

Jane has served the College in other ways: as a member of the Alumnae Asways, as a member of the Andrinae As-sociation Board of Directors and cur-rently as a member of the Advisory Board of Visitors. In 1976, the College acknowledged her devotion and generosity, her distinguished career, and her

bively intellect by presenting her with the Algernon Sydney Sullivan Award. It is difficult to adequately convey our deep appreciation to someone who has done so much and continues to en-rich the College community. It is our privilege to present the Emily Smith Medallion to

JANE FRANCES SMITH

Ham and Jam: MBC Watchdogs

Greeting old and new friends of Mary Baldwin College are two campus main-stays, Ham and Jam. Recently Mrs. Cora Dealby Brodhecker Robertson '28 wrote informing the College of the pass-ing of Margaret Gage Rainier '24. In her letter she reported the story of how Mrs. Rainier and classmate Mary Goodlow Billings, who has also passed away, named the dogs.

As the story goes, the two students were sitting on the Administration Building steps between the dogs one Sunday evening after supper, and one remarked to the other, "All we have on Sunday evening is ham and jam." They and other students immediately began calling the dogs Ham and Jam!

The dogs, now made of cast stone, were originally made of plaster and were added to the front steps of the Administration Building around 1880. They were given the names Caesar and Pompey hecause of the Latin and Greek the girls were then studying. During World War I, the dogs were called Wellington and Blucher after military heroes. Whatever the origin of Ham and Jam, they are certainly a tradition at Mary Baldwin.

Ham and Jam have been the subjects of pranks, myths and destruction. Popular thought in the late 1930s and early 1940s was that Ham and Jam were "cadets that came to see their dates but had to wait too long," according to a 1939 student newspaper. During this time, the students' dates were required to come to the front door of the College to he checked in and passed on as pre

In the late 1940s or early 50s a tree limh fell and broke the head of one of the dogs. When the head was replaced, a collar was added to hide the repair. This was done for the other dog also, so they would match. Soon after, a prankster carried off one of the dogs and placed it on the front porch of Stuart Hall, our neighboring girls' preparatory school

In May of 1960, vandals blew up one of the dogs. The survivor was removed. Students and alumnae mourned the loss of the dogs. A sympathetic father of a student had the dogs replaced. The sur-vivor was used as a model, and the new dogs were made of cast stone. Each dog weighs 500 pounds. Ham and Jam were returned to their original posts in time to preside over the visit of President Eisenhower on October 27, 1960, and continue to welcome visitors to the campus

ALUMNAE SPOTLIGHTS

Anita Saffels Lawson '64 presented a copy of her recently published biography Irvin S. Cobb to the Martha S. Grafton Library of Mary Baldwin Col-lege at the National Alumnae Association Meeting during Homecoming Weekend. The account of the native weekend. The account of the native Kentuckian, a personality in the fields of radio, television, and journalism, is published by the Popular Press of Bowling Green State University, Bowling Green, Ohio.

Mary Weston Grimball '69 has been named as one of "10 For The Future," a group of young women and men who were recognized recently by the Columbia, S.C., Columbia Record for making significant contributions to their community. Mary was recognized for her volunteer activities including work as vice-president of the Junior League, as chairwoman of The Child Welfare Advisory Committee for the State Department of Social Services, as a member of the steering committee for the Columbia Area Recovery Residences, and as president of the Columbia chapter of Mary Baldwin Alumnae Association

PHI BETA KAPPA TAPS SEVEN WOMEN

"The scholar is that man who must take up unto himself all the ability of the time, all the contributions of the past, all the hopes of the future."

—Ralph Waldo Emerson The American Scholar, 1837

Just as our system of government was begun in 1776, so did our scholarly tra-

begun in 17/6, so did our scholarly tra-ditions begin that year with the founding of Phi Beta Kappa at the College of William and Mary in Williamsburg. As one of only 234 colleges and uni-versities in the U.S. and 11 in Virginia with PBK Chapters, Mary Baldwin Col-leges across on this production of exactly lege carries on this tradition of academic

The Lambda of Virginia chapter was established at MBC in 1971. When it was established, 14 faculty members who bad been tapped into membership who had been tapped into membership in their own colleges were charter members of the MBC chapter. They included Sarah J. Banks, the late Herbert Lee Bridges, Martha S. Grafton, A. Lee Bridges, Martha S. Grafton, A. Charlotte Hogsett, Robert H. Lafleur, the late Mary Emily Lakenan, the late Ruth McNeil, Patricia H. Menk, Dorothy M. Mulberry, the late Frank W. Price, Ben Huddleston Smith, Jr., the late Charles J. Stanley, the late Mildred E. Taylor, and the late Herbert S. Turner.

Among these members, those still on Lafleur, and Dorothy Mulberry. Cur-renily, MBC has 12 faculty and nine student members. Each spring, the tradition continues as new student members are tapped and recognized at the Honors Convocation. New members are selected from 10 per-cent or fewer of the senior class and five percent of the junior class. Students must show academic excellence and a breadth of learning in traditional liberal

arts studies The following students were tapped in

the spring:
Mary Joanna Campbell '84, Mint
Spring, Va.
Saundra Kathryn Eareckson '84, Bloomfield Hills, Mich.
Anna Cote Gildersleeve '84, Winchester Vi

chester, Va. Amy Christine Lawler '84, Greenville,

Mary Katherine Moorman '84, Martinsville, Va. Laura Elizabeth Wilson '84, El Dorado,

Jennelle Carroll Saunders '85, Freder-

icksburg, Va.

PBK election has been for nearly 200
years a "recognition of intellectual capacities well employed, especially in the pacties well employed, especially in the liberal arts and sciences." Given its high proportion of famous names on the roll of Phi Beta Kappa, admission to its ranks is an indication of having such potential for future distinction.

In addition to the faculty and student members from MBC, there are now more than a hundred alumnae members elected since 1971.

Virginia Lester Elected To **NCAA Presidents Group**

The University of Virginia isn't the only Virginia college making it big in the NCAA this year.

President Virginia L. Lester is among

three Virginia college presidents elected to the new NCAA Presidents' Commission, along with William E. Lavery, president of Virginia Tech and Ladell Payne, president of Randolph-Macon College in Ashland

The Presidents' Commission, estab-lished by action of the NCAA membership at its annual convention in January, marks the first time that a formal struc-

ture has been established for presidential involvement in the intercollegiate athletics organization, according to Ted Tow, assistant executive director for

The new 44-member commission includes 22 members from Division I, 11 from Division II, and 11 from Division III. The three Virginia college presidents are among 31 of the commission's members who were elected nationally by other college presidents in their re-spective divisions. The other 13 mem-bers were appointed from Divisions I-A

President Lester represents Region 3, Division III, and is one of only four women on the commission. She is also one of only two presidents of women's one of only two presidents or women so colleges represented among the 44 insti-tutions. Mary Baldwin College joined the NCAA and Old Dominion Athletic Conference in 1982. Dr. Lester said, "Athletics is an im-portant aspect of a college student's

growth. I am looking forward to work-ing with my presidential colleagues to ensure that intercollegiate competition for women and men complements the educational progress of our college stu-

The President's Commission will have "a great deal of influence and very nare a great dear or influence and we far-reaching authority," explained NCAA's Ted Tow. It can review anything the NCAA does and can submit legislation directly to the convention.

Among the issues the presidents are likely to consider are eligibility, academic concerns, and financial considerations for college athletics. And, they will probably look at the NCAA membership structure itself considering such bitings at the Nicisian I.A.

membership structure itself considering such things as the Division I-A members' desire to have greater autonomy in setting their own rules.

The NCAA, established in 1906, is the national administrative organization for college athletics. The NCAA membership includes 786 institutions, 100 athletic conferences, 31 institutional as-sociate memberships and 53 affiliated organizations.
